SHORTHORN HERD

OF THE

Chester Mitchell Estate

POLAR RANSOM

PLACE PIPESTONE, MINN.

DATE APRIL 20, 1957

INVITATION

A cordial invitation is hereby extended to everyone interested in Shorthorn Cattle to be with us for this sale. The cream of the herd has been retained for this one-day sale and we can assure visitors they will not be disappointed in the type and quality of the offering. This being a complete dispersion sale to settle an estate, we are advised that no legal guarantee can be given, but we assure prospective buyers that every doubtful animal has been taken out and we fully believe everything catalogued will give entire satisfaction.

—●—

GENERAL INFORMATION

The sale will be held at the New Pipestone Livestock Sales Barn, on SATURDAY, APRIL 20, 1957, opening promptly at TWELVE O'CLOCK. Coffee and sandwiches will be served at the pavilion at eleven o'clock. The Hotel Calumet will be Shorthorn headquarters but there is also the Royal Hotel, the Mayfair Motel and two smaller motels in Pipestone. Everybody will be taken care of if desiring to stay over night in Pipestone.

Complete Dispersion of the

History

Our departed friend, Chester Mitchell, began breeding Shorthorns approximately ten years ago. To say that he progressed rapidly, planned wisely and well, and built up a wonderful herd in those few years would be an understatement. All the cattlemen who have shared his friendship and watched his operations know full well that he was very ambitious, anxious to succeed, and that he paid long prices when necessary to secure choice individuals with the rich bloodlines he wanted in his foundation animals. What a tragedy his life could not have been spared another ten years or more so that his ambitions could have been realized and he might reap the rewards of his efforts.

Special reference should be made to his purchase of the aged bull King's Ransom that proved to be a very prepotent sire, lived to be thirteen years old and left such outstanding offspring in the herd. Chester never would part with any of his heifers. Thirty four of them are catalogued and buyers may now secure these good females that Chester would never price. He also retained his two best bull calves for use in his own herd, Polar Ransom (Lot 3) and Ransom's Snowdrift (Lot 4). He planned to use these white bulls on the red heifers particularly. Many a herd could use a white bull to good purpose now.

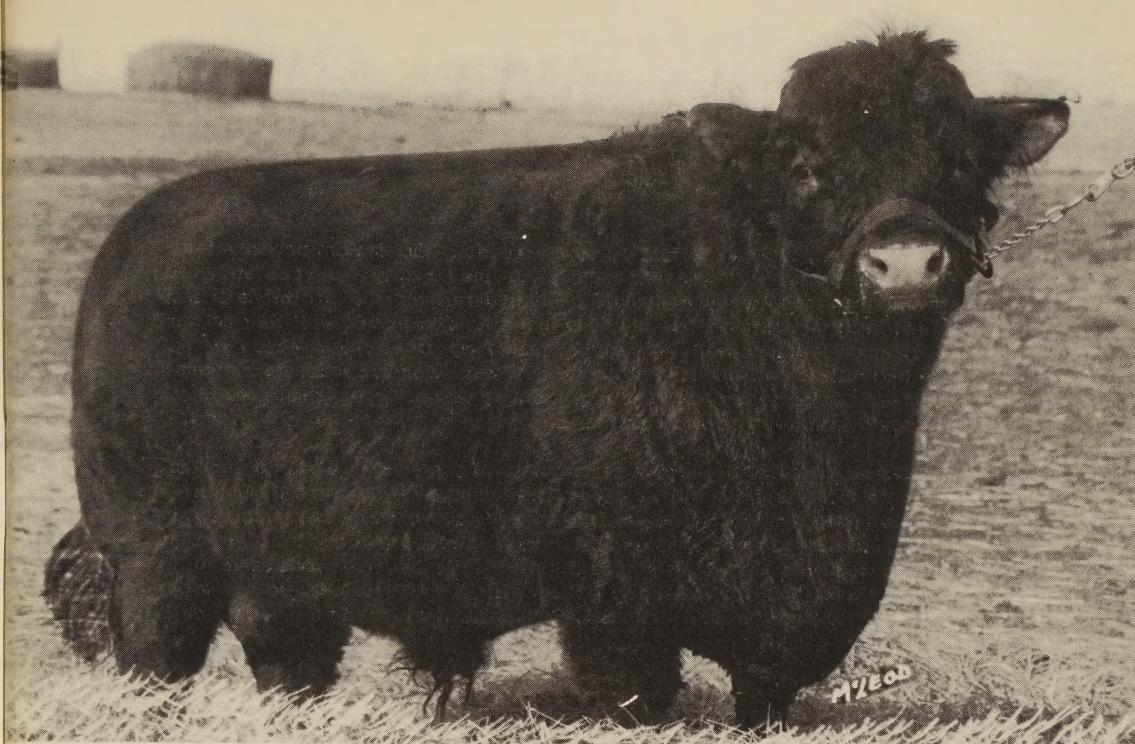

Two years ago, R.W. Parrott, Elmer A. Johnson and I accompanied Chester on a trip to Ontario and we spent a week looking over the more prominent herds there. When we came back to Scotsdale Farms for a second look, we noticed a young bull in a lot back of the barn that had not been shown to us before. Scotsdale Homeric. Chester and I quickly decided he was the best young bull we had seen and decided to pool our bull money and try to buy him. Evidently the manager sized us up as a couple of financial light-weights who would not pay their price and refused to price him. Chester then selected the best weanling bull calf and bought him, Scotsdale Justania. Several months later, we learned that Scotsdale Homeric had been sold for ten thousand dollars. That remained fixed in Chester's mind and when, about two years later, he got a catalog for the Toronto Sale and saw several Scotsdale Homeric calves catalogued, he took a plant to Toronto and bought his best son Scotsdale Kilty (Lot 2 in this sale). Chester visited many of the more prominent herds searching for the best bulls obtainable. Not every sale can offer a son, two daughters and numerous grandsons and granddaughters of a Perth Grand Champion bull.

In every herd, a few cows will stand out as better breeders than the average. Chester secured several such cows and retained their female progeny in the herd, hence the numerous cattle catalogued of such families as the Augustas, Eldak Verbenas, Brookville Lassies, Dauntless Queens, Diamond Lilies, Gwendolins and Rosewoods.

It may appear that too many cows are listed as bred to Scotsdale Justania but this is correct. He ran in the river pasture with 42 cows during the summer then was brought home and turned in with the heifers in the home pasture. Scotsdale Kilty was used in the Jericek pasture. The cream of the herd has been retained for this pure-bred sale and we sincerely wish the buyers the best of luck with them.

SCOTSDALE JUSTANIA - Chester selected this son of the Perth Grand Champion, Calrossie Perfect, when he was only a few months old, but he was well pleased with the way the calf developed after coming to his Minnesota farm. He has been used extensively and Chester expected to keep him in the herd as long as he lived. His calves in the sale will attest his ability as a sire. Both his sire and dam were bred in the MacGillivray herd and his pedigree combines the blood of the most prominent sires in Scotland at this time. Only three years old, he will be a wonderful buy for some ambitious breeder desiring to build up a top herd of Shorthorns.

SCOTSDALE KILTY - This good young bull is sired by Scotsdale Homeric, a double grandson of Calrossie Welcome, the leading sire in Scotland at this time. Scotsdale Homeric was the best young bull we saw in a weeks travel in Ontario and later was sold for ten thousand dollars. In buying Scotsdale Kilty, Chester felt he was getting his best son. Dam is an important cow from the Glastullich herd of Wm. MacGillivray. A stronger pedigree can hardly be written. His calves will soon be coming. Great results are expected from him.

POLAR RANSOM - This well bred white bull was reserved for use in the herd. Chester had numerous chances to sell him at tempting prices, but steadfastly refused all offers. Sired by that great sire, King's Ransom, and dam that good breeding matron, Augusta Preston, he just had to be a good individual and there can be no doubt he will prove up to all expectations as a sire. A good white bull is needed in many herds now and Polar Ransom will fill that need.

RANSOM'S SNOWDRIFT - Another white son of King's Ransom that Chester retained for the home herd. Our visitors often differed as to which was the better bull. This bull has improved fast in recent months and is a bull anyone can be proud of. His dam and grandam were good breeders and left valuable progeny in the herd.

AUGUSTA PRESTON - This old matron deserves a full page in the catalog as she has been a wonderful producer in both the Jackson and Mitchell herds. Held Bros. of Hinton, Iowa, own her first daughter and she is the dam of their Champion show heifer this year, Augusta Pam. McCone Bros. of Manilla, Iowa, have her second heifer and she produced for them the White Show Heifer that was Grand Champion at Des Moines and Reserve Champion at the International Show and purchased in the sale by R.E. Smith for his Lone Star herd in Texas. Since coming to the Mitchell herd, she has produced two outstanding heifers and the herd bull, Polar Ransom, (Lot 3 in this sale) and has passed a pregnancy test so is definitely in calf again. Pasture bred to Scotsdale Justania. Chester steadfastly refused to price her calves.

SCOTSDALE PRINCESS HELOISE - Her sire is the Perth Grand Champion bull, Calrossie Prefect. She cost Chester \$1,400 in the 1955 Toronto Sale. Her dam is a full sister to Scotsdale Bombadier, 1948 Royal Winter Fair and International Grand Champion, used in the Anoka herd of F. W. Harding. Her grandam produced two Grand Champion bulls, Scotsdale Aspiration and Scotsdale Bombadier. Truly a wonderful foundation cow for some good herd. Sells with a roan, little white, heifer calf at foot, by Scotsdale Justania, and was rebred to same bull October 25, 1956.

AUGUSTA 217TH - One of the best breeding cows in the herd. She is the dam of Display's Idol, Reserve Champion bull at the 1950 International Show and sold in the sale that year for \$3100. to head a prominent California herd. She has a red bull calf at foot by Scotsdale Justania that we all consider outstanding. I know Chester thought him the best calf he had raised. He will be registered as the auctioneers may want to split them and sell the calf separately. The cow was pasture bred to Scotsdale Kilty last summer or fall.

Chester Mitchell Estate

Lots 105 and 106

At the close of the sale, these two good heifers will be sold without pedigrees. In identifying the calves last fall, we first identified and neck chained the cows then separated the cows and calves over night. Next morning when they were really hungry, we tattooed each calf then followed it around through the cow herd until it found its mother and began nursing, then listed it from that dam by chain number. But these two heifers had evidently been weaned. They did not claim any cow and no cow claimed them. We thought them too good to send to slaughter. They will be wonderful foundation cows for some farmer who likes to raise market-topping cattle but who does not care to keep up registrations, or for some Club Boy who wants to raise his own show steers. Both top heifers individually.
